

REQUEST FOR ACTION

To	The Collection Board of Directors				
Subject	EV charger				
Preparer	Priscilla Rodriguez, Unit 2404				
Date	10/23/22	For Board	x	Action	Info

EXECUTIVE SUMMARY

There are too many EV's at the Collection; especially Teslas, which have big batteries and take longer to fully charge. With only 2 chargers (one is currently broken,) it is becoming stressful to own an EV at the Collection.

RECOMMENDATION

Requesting a 3rd EV charging station.

RATIONALE

Quality of life issue
