DIRECTORS' NAMES AND VOTES ON THIS ISSUE TO BE PLACED ON COMPLETED RFA

RATIONALE

Tight living space requires this normal health and safety restriction, as the majority of owners do not have dogs. The fiduciary duty of diligence requires prompt action. [In re Haugen, Nos. 04-00034, 108, 109, 113, 117, 2008 Bankr. LEXIS 1518 *14,*15 \(Bankr. D. Haw. May 6, 2008\).](#)

The committee recommends no change to the current house rules on this matter and recommends further education and follow up on violations in the common area.

RFA 17-2019 was rejected for lack of a motion.
